The BASKETBALL DOCTOR®

Played and coached at every level of basketball:
H.S. College and Pro Basketball Player and Coach

COACH SCOTT – The BASKETBALL DOCTOR®:

- CONVERSE® National Basketball Clinic Director – 10 years.
- BADEN National Basketball Clinic Director – 3 years
- Produced more books and DVD's on basketball than any Coach in history! (Over 50). 2 College Textbooks.
- Worked with NBA Players such as:
 - Ray Allen - NBA All Time 3 Point Shot Leader.
 - Wally Szczerbiak NBA, NCAA 1st Team All American.
- NBA Milwaukee Bucks: (Brought in to do player development).
- Coached the Guinness Book of World Records F.T. Record Holder. (2,750 in a row) Tom Amberly in Free Throw Shooting!
- Trained more than 200 Basketball Players into the College Ranks.
- Had 4 Players lead their state in 3 Point Shooting in a season in past 10 years. (All 4 played College)
 - Brian Stalker, West H.S.
 - Aaron Ewing, Morgan H.S.
 - Jake Harley, Concordia Prep H.S. (10 3's in games 4X's)
 - Jason Brenner, Island Pacific H.S.

“Having played and coached at every level of basketball competition from high school to college to the Pro's, Scott knows what he is talking about!”

WHAT ARE YOUR GOALS?

“You Must Have Goals to Score Goals” Coach John Scott

- Is it to improve your team’s skills?
- Develop scoring and shooting game moves for your players?
- Win 5 additional games per season?
- Increase your team’s F.T.’s by 10% or more?
- Motivate your players to want to put in more practice time?
- Teach your players pro level skills in your own gym?

**WHAT COACHES SAY
about COACH SCOTT**

“I played NCAA Division I basketball, and have been coaching High School and College Basketball for over 30 years. I thought I knew a lot about teaching Shooting Skills and Scoring Skills. I have seen camp lectures all over the country and from all kinds of clinicians, but I have never in all my experiences seen anyone teach more simply, directly and effectively as you did.

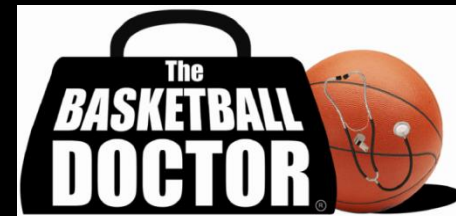

I was shocked at how simple you made things and about how motivated my players became. Most of all they improved more in two days than they had in 2 years! Personally, I learned more about shooting, and teaching shooting in two short days, than I had in my entire playing and coaching career. This is the best team event we have ever done since I have been coaching. My players all have said they want The BASKETBALL DOCTOR back again next year to do another one of the clinics, and every year from now on!

As a direct result of this clinic, we played in the state championship game this year and that is AFTER going up an entire competitive division in our state. To our surprise, you came up to watch the championship game as well – Thank you for everything.”

Coach Delon Huse - Wendell High School - Idaho Championship Coach

**WHAT COACHES SAY
about COACH SCOTT**

“If you are serious about improving your basketball program, then you need The Basketball Doctor. Coach Scott knows how to help improve players and teams like no one that I have talked to.

I had The BASKETBALL DOCTOR® present their Clinic #1, Shooting Fundamentals, to my players in Bliss, Idaho. In the 2 days of the clinic there were more shots made than in the past 10-15 seasons. Coach Scott was able to see all the players individually and was able to help them improve their skills. He is able to teach all players ways to improve their game.

Coach Scott is not only a great teacher, but also a great motivator. I now have players calling me to come down to the school and open the gym so that they can practice what they have learned. I have never seen this much enthusiasm from my players. It’s great!

I know that by having Coach Scott teach my players how to improve their game, we are going to win more games and the excitement will continue. My players are also asking when we are going to have The Basketball Doctor come back to present his other clinics.

I look forward to having The BASKETBALL DOCTOR® coming back to help improve the players and I do not hesitate in recommending him to anyone serious about improving their level of performance.”

**Gerry Hildreth
Head Boys Basketball Coach - Bliss High School**

**WHAT PARENTS SAY
about COACH SCOTT**

“I was a High School All American in Basketball in New Orleans, LA. I have been around the game of basketball as a player and coach for over 30 years and have attended many camps. Most of the camps were similar and I wanted something different for my son. Coach Scott not only has great knowledge of the game, but also an ability to teach serious effective game skills. Nobody knows more!

There are many so called shooting coaches, but this game isn't about just playing HORSE. Coach Scott can give you the tools to be a complete basketball player, shooter and scorer.

He was able to raise my son's level of play from a Junior Varsity level player as a sophomore to where he was a college level player and did so within a 24 month period. If someone is willing to put in the time it takes, Coach Scott can take them to the next level.”

Coach Steve Dorris

- **Father and Basketball Coach**
- **Former H.S. All American**

**WHAT PARENTS SAY
about COACH SCOTT**

HALEY MINEER

"In the state semi finals when we lost by 1 Haley made 4 clutch free throws at the end of the game. 4 for 4. She said after how she was repeating what you had taught her, "Triangle" something, something. She was previously less than a 50% F.T. Shooter and now shoots over 80%!

She also tripled her scoring average in just two months. In the short amount of time you worked with her it made a big difference, I wish we would have started sooner with her. She actually was much improved during the playoff games and I can't count the number of compliments from others about her game play.

Thank you very much for your help with her. She became a key in helping her team take 3rd in State."

**Dave Mineer
Father of Haley Mineer, Parowan High School**

**WHAT PARENTS SAY
about COACH SCOTT**

SHANE ANDRUS

"My son is 5'6" and 125 pounds. He loves basketball. Myself, I played at Dixie State University and was a short player also.

Coach Scott has brought Shane's skills and confidence to a new level I could not do myself. His knowledge, experience and how he has the ability to diagnose any athlete that he works with is uncanny. Shane has already set The school career assist record in only his junior year of high school.

Coach has also helped me to know the game better, and be a better game parent for my son. He has a gift and ability to fit the right athlete into their best skill positions and help them be the most productive in reaching their potential.

I thank Coach Scott every single time he works with Shane and I know with his help Shane is and will fulfill His dream of playing college basketball. We drive an hour each way just to work with Coach Scott and it is worth it every time, we always come away learning something new."

Derek Andrus

Father of Shane Andrus, Stansbury Park H.S.
